**Vancouver & Toronto, Canada – October 9, 2020 – Fury Gold Mines Limited (TSX:FURY, NYSE American:FURY) (“Fury Gold” or the “Company”)** is pleased to announce completion of the previously announced transaction resulting in Auryn Resources Inc. Shares of Fury Gold are expected to commence trading on the NYSE American on Monday, October 12, 2020 and on the Toronto Stock Exchange on Tuesday, October 13, 2020 (due to the Canadian Thanksgiving holiday). Shares of Auryn will continue to trade until close of market on October 9, 2020. So long as Auryn shares continue to be traded on the TSX under the AUG symbol, a purchaser will be entitled to receive SpinCo shares on settlement of the trade and a seller of AUG will not retain any entitlement to SpinCo shares.

### **A Message from Mike Timmins, President & CEO:**

“On behalf of Fury Gold, I would like to thank the investors who had the conviction and foresight to participate in our September subscription receipt financing, which supported the launch of the Company. It’s a pleasure to officially welcome Eastmain shareholders to Fury Gold as we reposition them to participate in the considerable growth and discovery potential we see in the Company’s Canadian gold assets. I would also like to welcome David Rivard to the technical team, he will play an important role in the planning and execution of our exploration plans as the Exploration Manager for Canada.

“I look forward to the upcoming drill program at Eau Claire in Quebec, engaging with our surrounding communities and staying connected with our shareholders as we plan to ‘unleash the fury’ and embark on the next leg of significant value creation.”

### **Eau Claire Drilling and Corporate Updates:**

A 50,000-meter drill contract has been awarded to Groupe Roullier, which is planned to start in early November. In the coming weeks, Fury Gold also plans to provide a drill targeting update based on the work completed over the summer, prior to the start of the drill program.
